HELP

Select a window layout (single or dual image)
Select an input source from the 4 left side buttons
Then select a display window (repeat for dual image)
[The projector will automatically turn on]

Select "audio only" to send audio only to speakers

Press "mute" to mute audio.
Press "projector mute" to blank image.

Press "Power" then "Yes" to turn off system.

In case of hardware failure call Tech Help at x8324.
